## **NSCC piles into Tiffany, Downtown**

### **CONSTRUCTION | UAE**

*4 Nov 2005*

The local **NSCC** has been awarded the piling, shoring, excavation and dewatering contract for the Tiffany Towers project. Located in Jumeirah Lake Towers, the 183-metre, 42-storey building will provide 49,000 square metres of residential space. The UK's **Atkins** is the architect; Sharjah-based **Issco** is the client. NSCC has also started the enabling works for the Downtown project being developed by **Nakheel** subsidiary **Limitless**. Located opposite Jebel Ali Free Zone close to the new Jebel Ali International Airport, the project is understood to involve the construction of at least four mid-rise structures on a fast-track basis. Australia's **Bovis Lend Lease** has provided project management services.
